PROFESSIONAL SUMMARY

Web Developer specializing in front-end development with hands-on experience building responsive, user-centric web applications using React.js, Tailwind CSS, and the MERN stack. Skilled at translating UI/UX designs into high-performance code, integrating RESTful APIs, and collaborating in Agile teams to deliver high-quality software.

TECHNICAL SKILLS

Languages: Core Java, JavaScript (ES6), HTML5, CSS3, SQL
Frameworks/Libraries: React.js, Tailwind CSS, Bootstrap
Databases & Tools: MongoDB, Firebase, JSON Server, XAMPP
Dev Tools: Git & GitHub, VSCode, Vite, Render, Vercel, Netlify
Concepts: MERN Stack, REST APIs, Object-Oriented Programming, Responsive Design

PROFESSIONAL EXPERIENCE

Web Developer Intern – SoDo (E-commerce Startup) | Jan 2025 – Present

- Developed responsive desktop and mobile versions of the SoDo website using React.js, Tailwind CSS, and React Router, improving mobile Lighthouse performance to 95+.
- Implemented dynamic cart, address management, and location components with context API and Axios-powered backend integration, reducing page load times by 30%.
- Integrated RESTful APIs with optimistic UI updates, resulting in a seamless user experience and 0.1-second perceived wait time for cart actions.
- Collaborated with UI/UX stakeholders to convert Figma prototypes into production-ready components while maintaining pixel-perfect design alignment.

PROJECTS

Employee Management System – React.js, Tailwind CSS

- Built CRUD application for employee records with reusable components and custom hooks; modular architecture enabled 40% faster feature additions.

CommuneLink Social Platform – React.js, Tailwind CSS

- Implemented authentication, post feeds, and real-time updates; delivered detailed video walkthrough highlighting challenges and learnings.

Bus Booking Admin Dashboard – MERN, JSON Server

- Designed admin dashboard with full CRUD for bus data; simulated production backend and achieved 100% unit test coverage.

Parkkruthi Gardening E-commerce – MERN Stack

- Developed backend-powered cart context, animated shimmer fallback, and address modal with pincode suggestions; maintained 95+ Lighthouse scores.

Prakriti Client Website – React.js, Tailwind CSS

- Led frontend routing and layouts for client site in a 5-member team; ensured timely delivery and client satisfaction.

CreateFrame Configurator – React.js, Drag-and-Drop

- Engineered dynamic frame customization UI with inch-based scaling, carousel selector, and proportional resizing.

EDUCATION

B.Tech in Computer Science & Engineering – Sarala Birla University, Ranchi | Sept 2020 – Jul 2024

CERTIFICATIONS

- Java Full Stack – Jspiders BTM (2024)
- Web Development – Internshala Trainings (2023)
- Core Java – LinkedIn Learning (2023)

LEADERSHIP & EXTRACURRICULAR

Placement Representative and Class Representative – Sarala Birla University
